RESIDENCE A1

ground level & level 1 & underground storage space

In a serene residential neighborhood, a modest yet inviting family apartment spans two levels across approximately 152,1 square meters. Nestled within a residential building, this home offers a down-to-earth experience, focusing on comfort and functionality.

Located on the ground floor, the first level covers 86.71 square meters. It features a double-height living room that fills the space with natural light, seamlessly connecting to an open-space kitchen. A master bedroom with an ensuite bathroom doubles as a guest WC, offering convenience and practicality.

Ascending to the second level, which occupies 65.39 square meters, you'll find two bedrooms and a shared living room area. This design caters to both individual privacy and communal interaction, making it ideal for family living.

An outdoor oasis awaits with a private garden extending over 193,23 square meters. Complete with a beautiful swimming pool, this space blends indoor and outdoor living seamlessly, providing a retreat for relaxation and leisure.

The apartment's interior boasts a minimalistic aesthetic with large windows that invite the surroundings in. The focus on elegant materials and neutral tones adds to the serene atmosphere.

Practicality is addressed with two parking spaces on the ground floor and a dedicated 11,41-square-meter storage space in the basement.

In summary, this family apartment stands as a testament to simplicity and comfort. With its functional design, unpretentious elegance, and harmonious living spaces, it offers a haven for family life in a tranquil setting.
